DEDICATION

To you, Dean Dickens, we dedicate this collection of our fondest memories, representing four years of toil, success, and most of all, happiness. We thank you very much for the love and attention which you have so willingly given us. Without your guidance, the achievements which we have made would not have been possible. For this, we cannot find adequate words to express our appreciation and gratitude. We, therefore offer our most treasured possession—the 1957 FALCON—which we feel in a small way, will say, “we thank you.”

There are several reasons why you have been chosen dedicatee of our yearbook, and all of them are sound; yet, too numerous to state in the space allocated for this dedication. Suffice it to say, however, that the type of guidance which you have given us, has made it possible for us to see through ourselves, that we might know ourselves.

When the shadows of age begin to move gradually and increasingly upon us, we will still have this spot deeply imbedded in our hearts, thanking and remembering you for your helpful services.

Thank you again, Dean Dickens, and may blessings from above forever fill your life with happiness and contentment.

FOREWORD

We, the Senior Class of 1957, have attempted to preserve for you some of the highlights of the enjoyable years which we have spent here at Saint Augustine's College. The joys and sorrows we have experienced will long be remembered by each of us. We want to share with you some of these unforgettable events which we hope will be beneficial to you in many ways. We profit from the experiences of others. Keeping this in mind, we hope that the 1957 FALCON will serve as a beacon light to guide you in your future endeavors.

The yearbook staff has worked hard in the preparation of this book, but it has been much fun. We sincerely hope our efforts will stimulate each of you to continue to uphold the standards of our college.

Dear Senior Class:

As you plan to journey homeward after four years of spiritual and intellectual growth at St. Augustine's College, I offer up a prayer that you may continue to grow in wisdom and faith and love of God and man.

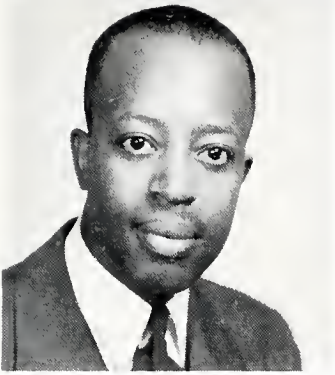

I assume that you have made many sacrifices in order to enhance your chances for success. Remember, therefore, that if you wish success in life, you must make perseverance your bosom friend, experience your wise counselor, caution your elder brother and hope your guardian genius.

Very truly yours,

James A. Boyer

CLASS HISTORY

The blissful memories of September 12, 1953 will always be cherished by the members of the present Senior class; for it was on this day that we, one hundred and eighty-seven frightened and timid freshmen, appeared on the campus of St. Augustine's.

Within a few days, we became accustomed to a green freshman's way of life; and in spite of the rigid treatment from upperclassmen, we were determined to master all the dignity a freshman possibly could.

We readily adapted ourselves to the big happy family in every way at St. Augustine's. We elected a dynamic group of class officers, headed by Willette Payne. Many freshmen joined the Choir, Dramatics Club, Canterbury Club, and many other organizations. We were well represented on the football team by such players as Earl Richards, Adam Shaw, Leroy Davis, Leon Patton, James Jiles, Napoleon Cloud, Syvellie Cloud and others.

Homecoming was a big event for all of us and Catherine Hughes couldn't have looked lovelier as our attendant.

Our freshman year was quite an enjoyable and successful one. Many of our names were placed on the Dean's List, and still others excelled in other areas. It was during this year that two of our class members, Tyree Powell and Vera Robertson, represented St. Augustine's in the Intercollegiate Forum held at Bennett College. Vera Robertson was voted vice-president of the Forum.

As the close of the year drew near, we began to reminisce over the many events and activities we enjoyed so much. And finally, it was time to close the book in the first chapter of our four years at St. Augustine's.

After three months of vacationing, we returned as sophomores with hopes for an even better school year. We were sad at the loss of some of our classmates, Esther Williams, Florence Blands, Iky Staton, Barbara Hope, and others; but we welcomed with opened arms such persons as Bettie Byers, R'Dell Jenkins, Ernestine Arnette and others.

Our class organized and Marion Inman was selected to serve as our president. Climbing the social ladder many of us joined the different sororities and fraternities. And before we could realize it, it was homecoming time again. Well! who could have looked more radiantly beautiful than Mable Wynn as our class queen.

We worked even more diligently this year. Virgia Basnight and Esther Wade attended the student legislature held in the State Capitol Building.

It was during our sophomore year that we were frightened half out of our wits by the devastating Hurricane Hazel. It was the first hurricane witnessed by some—and truly an experience all of us will long remember.

Our sophomore year was highlighted by the Cenentral Intercollegiate Athletic Association tournament. Many of us travelled to North Carolina College to see our team in the final game of the tournament in which Earl Richards and John Thomas were outstanding. Though we lost the final game, we kept our spirits high and looked forward to better years to come.

Much wiser from our new experiences and our new ventures, we returned in September of 1955 as juniors. Many of our classmates did not return, but we welcomed Marie Staggers, Samuel Staggers, Gentry Bowens and other new classmates.

We again elected Marion Inman as president of the class. He led us through a very successful year. Mable Wynn, even lovelier this year, again represented

us as our homecoming attendant. A large number of our classmates was initiated into the different honor societies. Rosie Hood and Betty Byers were pledged into Alpha Kappa Delta and Sigma Rho Sigma. Delois Williams, Rosie Hood, Joan King, Virgia Basnight, Donald Morgan, and Marion Inman became members of Alpha Kappa Mu. Mary Arline, Beatrice Bryant, Violet Armstrong, Austin Cooper and Rosie Hood were inducted into Phi Kappa Alpha. Beta Kappa Chi added to its ranks, Delois Williams, Marion Inman, Norma James and Virgia Basnight.

Many of us did not make the honor societies but excelled in other areas. We had such outstanding athletes in football as Earl Richards, Marion Inman, Adam Shaw, James Dawson, Napoleon Cloud, Leroy Davis, and others. In music, such musicians as Connie Elliott, R'Dell Jenkins, Herbert Horton, Ernestine Arnette, and Eugene Schumpert.

Charles Adderly with his easel always at hand made an outstanding contribution in art. This year we were represented on the student legislature by Lester Purnell, Gladys Billups, Adam Shaw, Alice Peterson, and Austin Cooper. Two members of our class, Bettie Byers and Violet Armstrong, represented St. Augustine's at the United Negro College Fund Conference held in Philadelphia.

During our junior year the male members of our class became proud occupants of the modernistic newly constructed Atkinson Hall.

As the book was about to close on our junior year, we were eagerly looking forward to becoming the dignified seniors we had yearned to become for so long.

We spent a pleasant summer in our respective places and returned in September of '56 with that air of senior superiority bursting out all over. We elected Adam Shaw as our class President. Other officers were Vice-President, Rosie Hood; Mary Arline, Secretary; John Thomas, Business Manager; and Delois Williams, Treasurer.

Many of us began student teaching and found it a grand experience and a challenge. Delois Williams and Mary Arline were fortunate enough to do their student teaching at their Alma Mater.

Well, our four years here at St. Augustine's were coming to an end. Nonetheless, we still had some bright seniors who still wanted to take their places in higher ranks of the campus. Tyree Powell could not leave without making Alpha Kappa Mu. Mary Arline, Beatrice Bryant, Tyree Powell, Mable Wynn, Norma James, Violet Armstrong, Marion Inman, Eugene Schumpert, and Donald Morgan were named to *Who's Who Among Students in American Universities and Colleges*.

Our queens for this year were Beatrice Bryant and Catherine Hughes. Beatrice Bryant reigned over the homecoming festivities as "Miss St. Augustine's" and queen of Alpha Phi Alpha Fraternity. Catherine Hughes was chosen as the first veteran's queen and also queen of Omega Psi Phi Fraternity.

The Student Council had a very successful year under the leadership of Austin Cooper and our senior representatives, Tyree Powell, Marie Stagers, and Adam Shaw very ably interpreted our wishes to our student government.

Thus closes the book on the four chapters of our life at St. Augustine's. As we take our rightful places in this dynamic world, St. Augustine's will have played a major role in our lives and will always be vividly remembered.

Now is The hour when we must say good

bye We leave be hind us hope that we'er will

die For Teachers Fri-ends every one who's helped us thru

our hoy-al ty we Pledge For er-er d. True

Now is the time, when friends must for'er depart
 To leave behind them, memories and broken hearts
 But there's a life, ahead that we must make
 For ourselves and others, for St. Augustine's sake.

CLASS PROPHECY

At the 20th reunion of the Class of 1957, a conversation begins at the President's Reception between The Venerable Austin Rellins Cooper and Norma M. James McKay. Father Cooper, Archdeacon of South Florida and Rector of the fashionable Christ Episcopal Church in Coconut Grove, Florida, has returned to deliver the Baccalaureate Address. Both are very surprised and glad to see each other after a period of twenty years, and pleasantly begin to reminisce over college days, as well as find out what their classmates are doing.

Unlike many other alumni, the members of the Class of 1957 have kept in constant touch with the College, and the Publicity Director of St. Augustine's has compiled a large scrapbook of all the doings of this class.

Seated on a divan in the President's home, Father Cooper and Mrs. McKay begin to look through the scrapbook and view the accomplishments of their classmates. The scrapbook, the first of its kind, contains many interesting articles and pictures.

Attorney Betty Byers is now working with juvenile delinquents in Texas. Reuben Smith received his doctorate degree in Physical Education from Columbia University.

Henry Stevenson has a top position as a navigator at Park Air Force Base, California. Rosie Hood, who has married a captain at that base, is living a double life as marriage counselor and the mother of two sons. Leon Patton advanced a new theory in the field of Mathematics. He made all A's in his algebra classes while at St. Augustine's.

Douglas Lindsey and Norma F. Poole own a physical therapy clinic in Kansas City, Kansas.

Father Frank Randolph, Rector of the largest Episcopal church in North Carolina, is shown delivering an address at dedication services of the Wynne-Woods Elementary School for Handicapped children. Founders of this school are Mable Wynn and Mary Woods. Mary Morgan is the prospective administrative secretary. Also on the staff are Wilhemina Admiral, Willie Mae Winston, Gloria Bond and Lizzie Hartsfield.

Dr. Lester Purnell received his doctorate in Sociology from Yale University and is now head of the Sociology Department at Howard University.

Adam Shaw presents a check for \$25,000 to St. Augustine's. He can afford it, being president of Shaw's Insurance Company. His personal secretary is none other than Hazel Knight and his receptionist is Rosetta McCabe. Miss Knight also donates a scholarship of \$100 each year to St. Augustine's to any qualified freshman student in the field of Business Education.

Marjorie Reid heads the International Y.W.C.A., with home offices in New York City. She has made several trips abroad.

Virginia Moye Edwards and Vivian Davis Trammwell, now in Germany, are running a private nursery school. Both have married servicemen who are stationed in Germany.

Nathaniel "Lotsa Poppa" Smith is head coach at one of the high schools in Charlotte. He received the trophy for being outstanding coach of the year. Quite a few have distinguished themselves as coaches—William H. Whitaker is a Physical Education teacher and coach at Ligon High School, Napoleon Cloud is head coach here at St. Augustine's. Roberta Siler and Junner Parker, who received their doctorates in Business Education at Cornell University, are now co-workers in the Business Department at St. Augustine's.

Earnestine Arnette, great pianist, returns from London and will appear at the Connie Elliot Hall in New York City, where she is signed for six months.

Syvellie Cloud owns a new, modern equipped 500 bed hospital in Washington, D. C. On the staff are Florence McDaniels, head doctor in the pediatrics department, Catherine Hughes, supervisor of nursing, Delois Williams, chiropodist, and Betty Towns, X-ray technician.

Tyree Powell is founder and president of the Detroit School of Business. This school has an enrollment of 500 students. On the staff are Jean Penny, Sarah Johns and Hattie Anderson.

Charles Adderley has kept his promise to become a millionaire. He owns a string of hotels on Miami Beach, Florida. Jean's Dress Shoppe is in the same neighborhood. Jean Hill, who always liked clothes from Jean's in Raleigh, is the proprietor. Marguerite Butcher works as a model and Miriam "Peggy" Cagle is sales manager.

The new TV Program, "Today's Secretaries," features Eloise Hilliard, playing the role of the model secretary.

Herbert Horton, soloist in the famous Danville Choir, recently co-starred in a Hollywood production. Choir accompanist, R'Dell Jenkins, is making records

in her leisure time. Her latest record, "Memories of St. Augustine's," was quite a hit.

John Thomas, now a priest, addresses the General Convention of the Episcopal Church. He is Rector of St. Luke's Church, New Haven, Connecticut. Violet Armstrong is the Director of Religious Education there and is also author of the best seller, *Man and Himself*.

Margaret Wallace receives recognition for her new shorthand theory. The theory, "Wallace's Shorthand," is so easy that it is recommended for the elementary grades.

Catherine Woods makes history, being the first lady secretary to the President of the United States. Marie Stagers gave up being a French instructor to devote more time to her home and family. You know how four boys can get around.

The glamorous Shirley Jordan is doing a bang-up job as model for *Jet Magazine*. She is also an elementary teacher for professional people's children. Betty Lassiter works with her, and has a child in the school. She is married to a professional football player.

Avelton Bowen is coach at the Booker T. Washington High School in St. Louis and Leroy "3-D" Davis is coach at Northwestern High School in Miami, Florida.

Little Mary Arline is now publishing her own paper, *The People Speak*. Ernest Wills is her co-editor and cartoonist, Julia Reddick is a reporter, and Ethel Pearsall, with her keen sense of humor, provides the jests. Arline is doing a thriving business in the journalism world.

James "Jimmie" Dawson, physical therapist, recently appeared on the TV show, "You'll Never Get Rich." His ambition, while in college, was to get rich soon. Earl Richards received the award, "Outstanding Athlete of 1965." Due to his skillfulness on the gridiron, he also received a sizable sum of money which enabled him to retire from professional football and to own a physical therapy clinic in D. C.

Annie Harbison, the mother of two lovely daughters, received recently her doctorate in Education from the University of Minnesota. She has a swank home in Maryland.

Robert Johnson is head coach at the high school from which he graduated. He also has two sons in the junior class here. Earnestine Bullard is constantly in the news in West Palm Beach, Florida. She is supervisor of elementary schools there. Alberta Lawson, Ruby Moye and Eugene Bailey work in one of the schools there. During her leisure time, Miss Bullard assists at the Catherine Dunham Dance School.

Frances Butcher is head of the Education Department at the University of Arizona. Mary Blount is Dean of Women and Annie Heath, Dean of Instruction.

Annie Hatchell and Laura Foster, social case workers, worked jointly to publish the book, *Making the Honeymoon Last Forever*.

Ned Hurst and Eugene Schumpert have made quite a reputation for themselves. They have been working at the Oak Ridge Institute for quite some time and recently found ways by which atomic energy can be conducted into channels for humanitarian purposes. Both used to spend most of their time in the chemistry laboratories while in school.

The May, 1965, edition of *Life Magazine* carries the pictures of the new staff members of Massachusetts' State Memorial Hospital. Let to right are: Norma James McKay, pharmacist, Thomas Mitchell, physical therapist, and Donald Alexander, dental technician.

Alice Peterson is proprietor of a private hotel in the Catskill Mountains of New York. She also runs an exclusive home for the aged in Newark, New Jersey. Esther Wade, well known medical social worker in New York City, renders voluntary services at this home.

Samuel Stagers has set up private offices in New Orleans. He is now a medical surgeon of international renown. Marion Inman has a \$25,000 a year job as research chemist with the Lederle Pharmaceutical Laboratories in Detroit, Michigan. He is also a visiting lecturer at Wayne University. He married his college sweetheart and is the devoted father of five boys. Seems as if he always wanted a basketball team of his own.

Beatrice Bryant and Gladys Billups are shown boarding a Trans-World Airlines plane for America. They now have top positions as French interpreters in the United Nations and Civil Service, respectively.

Donald Morgan has excelled all of his classmates. He is Mayor of Raleigh, marking the first time in Raleigh's history that a Negro has been elected to such a high position. He plans to run for Congress next year.

"It was indeed enlightening, as well as heart-warming to read of the accomplishments of our former classmates. We may be sure that their efforts have been crowned with many successes."
